Abundant giving is about inspiration and transformation to live a more values-centered life.

Boone Unitarian Universalist Fellowship

2021-2022

Stewardship Campaign

Thriving Together

“Science says lasting relationships come down to
–Kindness and Generosity”

Emily Esfahani Smith

Boone Unitarian Universalist Fellowship

Our 2021-2022 Boone UU Vision

To be a thriving, joyful, beloved community,
living lives of meaning and purpose

What is a stewardship campaign?

Each year Boone UU asks each household to link their most dearly-held values with their resources, giving generously of time, energy, and income, from a place of bone-deep love with expectations that our work be manifest in a radical, beautiful reality enriching our lives, our beloved community and the world.

How is the money used?

The income from pledges pays our staff, operations, maintenance, outreach and services for the year.

How much should we pledge?

“Five to Thrive”

We challenge you to make the “Five to Thrive” commitment, and pledge 5% of your adjusted household income each year.

What about my time and talent?

Volunteer power contributes mightily to realizing our vision, and a volunteer commitment is a critical form of pledging to the fellowship. Please complete the volunteer pledge form either on the reverse side of the financial commitment form, or complete it online.

How do I make my pledge?

We can mail you a pledge form or you can contact any of the names below. You can also access (and submit) the form online through our website:

<https://www.buuf.net/annual-pledge.html>

The deadline is Sunday, May 21st to give the Board time to complete the budget to present at the congregational meeting on June 6, 2021
